Hosting of the Enhanced Websites of the
University of the Philippines School of
Economics (UPSE) and Philippine Center
for Economic Development (PCED)**

ITB-2022-1103-G

Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

Section IV. General Conditions of Contract

Notes on the General Conditions of Contract

The General Conditions of Contract (GCC) in this Section, read in conjunction with the Special Conditions of Contract in Section V and other documents listed therein, should be a complete document expressing all the rights and obligations of the parties.

Matters governing performance of the Supplier, payments under the contract, or matters affecting the risks, rights, and obligations of the parties under the contract are included in the GCC and Special Conditions of Contract.

Any complementary information, which may be needed, shall be introduced only through the Special Conditions of Contract.

1. Scope of Contract

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

Additional requirements for the completion of this Contract shall be provided in the **Special Conditions of Contract (SCC)**.

2. Advance Payment and Terms of Payment

2.1. Advance payment of the contract amount is provided under Annex “D” of the revised 2016 IRR of RA No. 9184.

2.2. The Procuring Entity is allowed to determine the terms of payment on the partial or staggered delivery of the Goods procured, provided such partial payment shall correspond to the value of the goods delivered and accepted in accordance with prevailing accounting and auditing rules and regulations. The terms of payment are indicated in the **SCC**.

3. Performance Security

Within ten (10) calendar days from receipt of the Notice of Award by the Bidder from the Procuring Entity but in no case later than the signing of the Contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR of RA No. 9184.

4. Inspection and Tests

The Procuring Entity or its representative shall have the right to inspect and/or to test the Goods to confirm their conformity to the Project specifications at no extra cost to the Procuring Entity in accordance with the Generic Procurement Manual. In addition to tests in the **SCC**, **Section VII (Technical Specifications)** shall specify what inspections and/or tests the Procuring Entity requires, and where they are to be conducted. The Procuring Entity shall notify the Supplier in writing, in a timely manner, of the identity of any representatives retained for these purposes.

All reasonable facilities and assistance for the inspection and testing of Goods, including access to drawings and production data, shall be provided by the Supplier to the authorized inspectors at no charge to the Procuring Entity.

5. Warranty

- 5.1 In order to assure that manufacturing defects shall be corrected by the Supplier, a warranty shall be required from the Supplier as provided under Section 62.1 of the 2016 revised IRR of RA No. 9184.
- 5.2 The Procuring Entity shall promptly notify the Supplier in writing of any claims arising under this warranty. Upon receipt of such notice, the Supplier shall, repair or replace the defective Goods or parts thereof without cost to the Procuring Entity, pursuant to the Generic Procurement Manual.

6. Liability of the Supplier

The Supplier's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Supplier is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

Section V. Special Conditions of Contract

Notes on the Special Conditions of Contract

Similar to the BDS, the clauses in this Section are intended to assist the Procuring Entity in providing contract-specific information in relation to corresponding clauses in the GCC found in Section IV.

The Special Conditions of Contract (SCC) complement the GCC, specifying contractual requirements linked to the special circumstances of the Procuring Entity, the Procuring Entity's country, the sector, and the Goods purchased. In preparing this Section, the following aspects should be checked:

- a. Information that complements provisions of the GCC must be incorporated.
- b. Amendments and/or supplements to provisions of the GCC as necessitated by the circumstances of the specific purchase, must also be incorporated.

However, no special condition which defeats or negates the general intent and purpose of the provisions of the GCC should be incorporated herein.

	<p>Where the Supplier is required under Contract to deliver the Goods CIF, CIP or DDP, Goods are to be transported on carriers of Philippine registry. In the event that no carrier of Philippine registry is available, Goods may be shipped by a carrier which is not of Philippine registry provided that the Supplier obtains and presents to the Procuring Entity certification to this effect from the nearest Philippine consulate to the port of dispatch. In the event that carriers of Philippine registry are available but their schedule delays the Supplier in its performance of this Contract the period from when the Goods were first ready for shipment and the actual date of shipment the period of delay will be considered force majeure.</p> <p>The Procuring Entity accepts no liability for the damage of Goods during transit other than those prescribed by INCOTERMS for DDP deliveries. In the case of Goods supplied from within the Philippines or supplied by domestic Suppliers risk and title will not be deemed to have passed to the Procuring Entity until their receipt and final acceptance at the final destination.</p>
	Intellectual Property Rights –
	The Supplier shall indemnify the Procuring Entity against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the Goods or any part thereof.
2	The terms of payment shall be One-time payment. It shall be made after full delivery and acceptance of all goods indicated in the contract and submission of complete documentary requirements in accordance with the prevailing accounting and auditing rules and regulations.
4	Applicable inspection and testing shall be conducted by the Inspection Committee of the Procuring Entity.
5.1	In order to assure that manufacturing defects shall be conducted by the Supplier, a warranty shall be required from the Supplier as provided under Section 62 of the 2016 revised IRR of RA No. 9184

Section VI. Schedule of Requirements

The project shall be implemented for a total period of **twenty-four (24) weeks** or equivalently **six (6) months**. The Service Provider must employ a design and development methodology responsive to this schedule requirement. The details of this schedule must be provided by the Service Provider in its Inception Report (IR) and said IR must be approved by the UPSE/PCED. On the 7th month, the warranty/hosting/maintenance services will commence and will continue for **twelve (12) months**. Thus, the total duration of the project is for **eighteen (18) months**. (i.e. 6 months for design and development and 12 months for hosting/warranty/maintenance).

Section VII. Scope of Work

Notes for Preparing the Scope of Work

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Procuring Entity without qualifying their Bids. In the context of Competitive Bidding, the specifications (e.g. production/delivery schedule, manpower requirements, and after-sales service/parts, descriptions of the lots or items) must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness, and economy in procurement be realized, responsiveness of bids be ensured, and the subsequent task of bid evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials unless otherwise provided in the Contract.

Samples of specifications from previous similar procurements are useful in this respect. The use of metric units is encouraged. Depending on the complexity of the goods and the repetitiveness of the type of procurement, it may be advantageous to standardize the General Technical Specifications and incorporate them in a separate subsection. The General Technical Specifications should cover all classes of workmanship, materials, and equipment commonly involved in manufacturing similar goods. Deletions or addenda should then adapt the General Technical Specifications to the particular procurement.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for equipment, materials, and workmanship, recognized Philippine and international standards should be used as much as possible. Where other particular standards are used, whether national standards or other standards, the specifications should state that equipment, materials, and workmanship that meet other authoritative standards, and which ensure at least a substantially equal quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the Special Conditions of Contract or the Technical Specifications.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Technical Specifications to specific standards and codes to be met by the goods and materials to be furnished or tested, the provisions of the latest edition or revision of the relevant standards and codes shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national or relate to a particular country or region, other authoritative standards that ensure substantial equivalence to the standards and codes specified will be acceptable.

Reference to brand name and catalogue number should be avoided as far as possible; where unavoidable they should always be followed by the words "*or at least equivalent.*" References to brand names cannot be used when the funding source is the GOP.

Where appropriate, drawings, including site plans as required, may be furnished by the Procuring Entity with the Bidding Documents. Similarly, the Supplier may be requested to provide drawings or samples either with its Bid or for prior review by the Procuring Entity during contract execution.

Bidders are also required, as part of the technical specifications, to complete their statement of compliance demonstrating how the items comply with the specification.

This will serve as a guide and reference for all website content administrators.</p> <p>The Technical Manual shall contain details of website setup, configuration and settings. This will provide vital information on how to maintain the websites and if the need arises, on how to install and configure the websites on another set of equipment. Components used in the design and development must be specified and described here. It is expected that these components are non-proprietary and will not entail any paid subscriptions on the part of UPSE and PCED.</p> <p>3) Warranty and Technical Support/ Maintenance Services</p> <p>The Service Provider shall provide warranty/post-installation support for one (1) year, commencing on the day the website will be made available to the public ("go-live"). Within this warranty period, the Service Provider shall provide, free of charge, corrections to reported bugs, errors and feature non-conformances, if found and reported during the warranty period. In addition, the Provider shall ensure that the websites are online and are accessible on the world wide web, 24 hours a day, 7 days a week.</p> <p>4) Website Hosting Using Wordpress.com</p> <p>The Service Provider shall subscribe to Wordpress (Business Plan) and host the enhanced websites using the services of Wordpress. This platform has been selected as Wordpress is considered first in the list of content management systems (CMS) and is used by many organizations (Source:https://www.techradar.com/best/cms). Moreover, it also offers features and functionalities that provide content management users with ease, flexibility and intuitive platform. In addition, Wordpress' hosting services offer reliability, a high level of security and robustness.</p>	
--	---	--

	<p>In the development of the websites using the prescribed platform, the Provider may use 3rd-party plug-ins but these plug-ins must strictly be pre-approved by UPSE/PCED. This is to ensure that said plug-ins are free from any known vulnerabilities.</p> <p>The full subscription must cover the full period of twelve (12) months- starting the day the enhanced websites are accepted and certified to be on “go-live” mode by PCED/UPSE. The account credentials will be under the care of the Service Provider for the duration of the 12-month period. On the 1st day of 12th month, the Service Provider shall accordingly inform UPSE/PCED in writing about the end of the subscription. The turn-over arrangements shall commence on the 12 month and shall include, but not limited to, the following key activities:</p> <p style="padding-left: 40px;">4.1 Turn-over of complete access credentials from Service Provider to UPSE/PCED.</p> <p style="padding-left: 40px;">4.2 Turn-over of all source codes/backup copies of all the website files hosted in the wordpress.com including all software components used in the websites</p> <p style="padding-left: 40px;">4.3 Turn-over of any documentation created by the Service Provider during the 12-month hosting period, if any.</p> <p>5) QA/Testing</p> <p>The Service Provider shall provide test instances (sandbox) where UPSE/PCED users can test the website prototypes. These test instances must be available all throughout the design and development phases of the project, 24 by 7.</p>	
<p>G.</p>	<p>Service Provider Qualifications</p> <p>1. The Service Provider must show proof of having at least three (3) years of experience in designing and developing websites for reputable organizations/companies. This experience must be proven by presenting acceptance certificates and proof that websites are active and currently published (i.e. viewable by the general public). A portfolio of</p>	

	<p>completed projects (at least 10) must be presented by the Service Provider.</p> <p>2. The Service Provider must be familiar with the website design and development methodologies.</p>	
H)	<p>Project Schedule</p> <p>The project shall be implemented for a total period of twenty-four (24) weeks or equivalently six (6) months. The Service Provider must employ a design and development methodology responsive to this schedule requirement. The details of this schedule must be provided by the Service Provider in its Inception Report (IR) and said IR must be approved by the UPSE/PCED. On the 7th month, the warranty/hosting/maintenance services will commence and will continue for twelve (12) months. Thus, the total duration of the project is for eighteen (18) months. (i.e. 6 months for design and development and 12 months for hosting/warranty/maintenance).</p>	

ANNEX A. Preliminary List of Requirements

The goal of this project is to improve the UPSE and PCED, in order to enhance their value as a communication platform. Improvements will focus on usability, overall look, and ease of maintenance. Back-end improvements are expected as well.
